APPROVALS:

Peer Engineer _____
Peer Review Engineer

DAQ requests that a company/corporation official read the attached draft/proposed Approval Order conditions. If this person does not understand or does not agree with the conditions, the PLAN REVIEW ENGINEER - TECHNICIAN should be contacted within five days after receipt of the conditions. If this person understands and the company/corporation agrees with the Approval Order conditions, this person should sign below and return (can use FAX # 801-536-4099) within 10 days after receipt of the conditions. If the Plan Review Engineer is not contacted within 10 days, the Plan

Review Engineer shall assume that the Company/Corporation official agrees with this Plan Review and will process the Plan Review for final approval. **NOTE: The Approval Order will not be issued until this signed sheet is returned and the review fees are paid.**

The following statement is for major Title V sources only. If an operating permit has been issued, the words “application” would be deleted here and in the next paragraph. If a permit application has been submitted and the permit has ***not*** been issued, then the word “application would be included and the ()’s would be deleted.

In order for this to be administratively included in your Operating Permit Application, the Responsible Official as defined in R307-15-3, must be the individual that signs the statement below. Based on reasonable inquiry, I certify that the information provided for this Source Plan Review in preparation for the Approval Order has been true, accurate and complete and request that the Approval Order be administratively amended to the Operating Permit Application.

Thank You.
